ZEN Air Curtain

Design and Customization

Aware of the importance that the visual impact has in today's society, Airtècnics have managed to combine to perfection the highest technology with the more exclusive beauty.

Decorative, minimalist and elegant, the new ZEN air curtain makes it the favorite of architects and designers to include in their projects. Apart from seamlessly integrate into any space, ZEN can become an active part of the decor and premises ambience offering more features than a standard air curtain.

On several occasions, the front panel has been used to signal an exit or indicate a path. Many other times it has also been customised to include one or more clocks, textures, logos, backlighting, brand names, slogans, etc.

ZEN air curtain offers infinite possibilities of customization.

How far does your imagination go?
